

# Can't Hurry Love

Eric Bellinger

(This gon be your fav' song)

To all of the girls  
That live with them no good niggas  
Ready to give up on love  
'Cause it never seem to work for you  
I know that they get on your nerves  
I know that they be lying to you  
And every chance them niggas get,  
They be quick to make a fool out of you  
But you ignore the signs

Baby girl, you can't hurry love  
Take your time,  
There's somebody for you,  
And probably looking for you now  
Baby, won't you tell me what's the rush?  
Girl, slow down  
You might as well lay low,  
'Cause he on his way for sure  
I'm just saying you can't hurry love

So take this time and go and work on yourself,  
Get your bread up,  
Be a boss,  
Got a few chances,  
Yeah  
Get it to the point where you need no one,  
You don't need no help,  
You can do it yourself,  
You don't need shit from a nigga  
Be the type of girl we like,  
And I bet he treat you right  
Make the rest the best of your life  
You still got some time, baby

Girl, you can't hurry love,  
Take your time,  
There's somebody for you  
And probably looking for you now  
Baby, won't you tell me what's the rush  
Girl, slow down  
You might as well lay low,  
'Cause he on his way for sure  
I'm just saying you can't hurry love

Oh, baby, you can't hurry love  
Gotta take your time, make sure he the one  
Yeah, yeah  
You find a love that was always meant to be...  
Yeah, yeah  
You gon take care of you not only physically but also mentally...  
Yeah, yeah, yeah,  
Girl, it will happen eventually
