

Casual

Eric Bellinger

She said she really wasn't lookin' for love
Just somebody that could show her a good time
We agreed and promised that would be us, be us
Sometimes we would meet up after the club
If we did it everything would be alright
Those were the days, oh how things changed, yeah

Cause now you be tryna shop for rings, worried about things
That ain't got shit to do with you
Tell me how did we go from friends to worst enemies
Shawty do you remember when we had chemistry
Now you mad at me, once again it don't make sense to me
What has got in to you

We was supposed to be
Casual, casual, casual lovers
We was supposed to be
Casual, casual, casual lovers
Those were the days, those were the days, yeah
I don't know why things had to change now

In the beginning girl we weren't in a rush
And the last thing on your mind was forever
Now every minute you fall deeper in love
(I don't get it baby)
Now you be trippin' when I go to the club
And if I don't pick up you'll be calling me all night
I should've know it was too good to be true

Now you be tryna shop for rings, worried about things
That ain't got shit to do with you
Tell me how did we go from friends to worst enemies
Shawty do you remember when we had chemistry
Now you mad at me, once again it don't make sense to me
What has got in to you

We was supposed to be
Casual, casual, casual lovers
We was supposed to be
Casual, casual, casual lovers
Those were the days, those were the days, yeah
I don't know why things had to change now

We was supposed to be
Casual, casual, casual lovers
We was supposed to be
Casual, casual, casual lovers
Those were the days, those were the days, yeah
I don't know why things had to change now
