

Woah

Baby girl, I see potential in ya (I see potential in ya)
Baby, you should come and ride my wave
You so lit, damn, you spark my interest
Let's go surfing for a couple days

Hop on my board, hop on my board
We could cruise down PCH, cyeah
If you ain't sure, meet at the shore
And I'll be on my wave, coastin'
I'll be on my wave, coastin'
I'll be on my wave, coastin'
Cruisin' back in slow motion
I'll be on my wave, on my
On my wave, on my shit, on my grind
On my job, makin' sure I'm on your mind, yeah
Coastin'

Girl, you don't need to make no reservations (Show up, pull up,
come up)
Want you to be my Bimini vacation (Pull up, pull 'em down)
Know what I mean

I want you to hop on my board, hop on my board
So we can cruise down PCH
If you ain't sure, meet at the shore
And I'll be on my wave, coastin'
I'll be on my wave, coastin'
I'll be on my wave, coastin'
Cruisin' back in slow motion
I'll be on my wave, on my
On my wave, on my shit, on my grind
On my job, makin' sure I'm on your mind, yeah
Coastin'
