

Do Over

Eric Bellinger

Oh ooo...
It's alright, make some mistakes
I know it's gonna take
More than my usual apology
To convince you to stay
I would never pick up when
You're callin' my phone
But, I'd answer the first time whenever I'd phone
Hey, I know what he looks like
Girls follow me whenever I go
You would ask who they were
And I said I don't know
Hey, I can't imagine what it felt like

If I could do it all over
I would change everything
If I could do it all over
I would show you what you means to me
Wish I could do it all over
Cause I would start everything in two
If I could do it all over
I would do it all for you

Since you been gone
I become a batter man
Baby, I know that it's a little too late
Cause you made up your mind

I would never pick up when
You're callin' my phone
But, I'd answer the first time whenever I'd phone
Hey, I know what he looks like
Girls follow me whenever I go
You would ask who they were
And I said I don't know
Hey, I can't imagine what it felt like

If I could do it all over
I would change everything
If I could do it all over
I would show you what you means to me
Wish I could do it all over
Cause I would start everything in two
If I could do it all over
I would do it all for you

We need to all over (do over)
We need to all over (get a do over)
We need to all over (have a do over)
Can we do it all over again? (do over)
[x2]

If I could do it all over
I would change everything
If I could do it all over
I would show you what you means to me
Wish I could do it all over

Cause I would start everything in two
If I could do it all over
I would do it all for you
