

Get A Loan

Eric Bellinger

I wish I could press pause right now ,pause right now
Cause you know we can't rewind
I wish I could just call time out call time out
So we can do this thing right
Cause I don't want this moment to end
Ain't gon' lie when you came up on that address
Had me thinking like she be my new address
I got a girl but I'm moving in tonight
Can I get a loan?
So I can call your body home
Once we get a loan
I'ma make myself at home
You should let me paint your walls right now, walls right now
Interior all white
Make you rearrange your drawers right now, drawers right now
Till everything's in sight
Cause I don't want this moment to end
Ain't gon' lie when you came up on that address
Had me thinking like she be my new address
I got a girl but I'm moving in tonight
Can I get a loan?
So I can call your body home
Once we get a loan
I'ma make myself at home
Go and do a credit check
Bet I qualify
I know this ain't where I live
But you feel so right
Temporary it's just temporary
Reference is won't be necessary
Won't you let me be your guest
And let me stay the night
Can I get a loan?
So I can call your body home
Once we get a loan
I'ma make myself at home
