

# My Queen

Eric Bellinger

[Chorus:]

Ah yea  
There she go, there she go  
There she go, yea  
Oh don't mind that girl, that's just my queen, yea  
That's just my queen, oh yea  
Since she hold it down she eatin  
Oh don't mind that girl, that's just my queen  
And she's runnin over her, and she's runnin over there  
But she ain't goin nowhere, nowhere  
Cus I'm her king  
Yea, that's just my queen  
Yea, that's just my queen  
She different like she rollin, she rollin

[Verse 1:]

And she ain't with me for the chedda, chedda  
Not cool, she make me better, better  
I'm still ahead ever since we've been together, gether  
Even when I'm on my grind  
Swear that 100 be on my mind, it's her

[Pre-Chorus:]

Makes no sense to me that I don't be by my side  
What's the point of lovin if my queen ain't in my ride  
Reaching for the wheel, and hoping to close the deal and  
Lookin like a boss, in the kitchen cookin meals up

[Chorus:]

That's my baby  
Ah yea  
There she go, there she go  
There she go, yea  
Oh don't mind that girl, that's just my queen, yea  
That's just my queen, oh yea  
Since she hold it down she eatin  
Oh don't mind that girl, that's just my queen  
And she's runnin over her, and she's runnin over there  
But she ain't goin nowhere, nowhere  
Cus I'm her king  
Yea, that's just my queen  
Yea, that's just my queen  
She different like she rollin, she rollin

[Verse 2:]

Pretty little girl's a heartbreaker  
But she know how to turn up  
Especially when the lights off... we do our thang  
That's why she my queen  
I swear she worth more than treasure  
And she'd do whatever

[Pre-Chorus:]

Makes no sense to me that I don't be by my side  
What's the point of lovin if my queen ain't in my ride  
Reaching for the wheel, and hoping to close the deal and  
Lookin like a boss, in the kitchen cookin meals up

[Chorus:]

That's my baby  
Ah yea  
There she go, there she go  
There she go, yea

Oh don't mind that girl, that's just my queen, yea  
That's just my queen, oh yea  
Since she hold it down she eatin  
Oh don't mind that girl, that's just my queen  
And she's runnin over her, and she's runnin over there  
But she ain't goin nowhere, nowhere  
Cus I'm her king  
Yea, that's just my queen  
Yea, that's just my queen  
She different like she rollin, she rollin
