

Night Bag

Eric Bellinger

Yeah, she said she comin' over here
12 in the morning, I ain't judging over here
Now, I think I got an idea
Why she wanna come, cause she be coming over here, yeah

She ain't the type to show up, hit and run
Don't want no quickie, she stays all night long
Even though she gotta go to work in the mornin'
I know she got an extra pair of Vicky's in her night bag
Know she got her toothbrush in her night bag
Know she got her perfume in her night bag
In her night bag

She already know what time it is, what time it is
Said she already know what time it is, what time it is
Ain't nothin' wrong she want that night cab, night cab
So she brought her night bag, night bag
You know I like that, like that
When she bring her night bag, night bag

She damn near brought her closet over here
To make sure she ain't gotta go back to the crib, yeah
But she ain't movin' in
Even though tomorrow we gon' do it all again, yeah

She ain't the type to show up, hit and run
Don't want no quickie, she stays all night long
Even though she gotta go to work in the morning
I know she got an extra pair of heels in her night bag
I know she got her make-up in her night bag
I know she got her shampoo in her night bag, in her night bag

She already know what time it is, what time it is
Said she already know what time it is, what time it is
Ain't nothin' wrong she want that night cab, night cab
So she brought her night bag, night bag
You know I like that, like that
When she bring her night bag, night bag

It don't matter what she bring, all she finna do is take it off
And even though she sleepin' over we ain't gon' sleep at all
She stay ready cause she never know when I'm gon' call
And ask her to come over, so she keep it in her trunk

She already know what time it is, what time it is
Said she already know what time it is, what time it is
Ain't nothin' wrong she want that night cab, night cab
So she brought her night bag, night bag
You know I like that, like that
When she bring her night bag, night bag
