

Now We Here

Eric Bellinger

[Verse 1:]

I can tell you stories bout your man
But you're so gone that you probably miss it
Now you're calling me once again
'Cause you're home and he stay missin
Gotta keep it real with yourself
He ain't nothing but a lame
And believing all the lies won't help
Cause at the end of the day
He ain't ever gonna change but it's

[Pre-Chorus:]

It's okay, it's alright
'Cause I've been waitin right here the whole time
Girl but tonight I'm taking what's mine
So you won't be going back and forth after tonight

[Chorus:]

Started off listening to problems girl
Now we here
Started off wishin you was his ex-girl
Now we here
Hate to say I told you so
But now we here
And everything he shoulda did, baby I'm a just do myself

Now that we're here
Girl now we're here
I've been waitin so long
You done finally put me on
Now we're here yea

[Verse 2:]

I done kept it real from the jump
But you wasn't tryna listen baby
Now you finally getting what you want
I'm a show you what you missin
You can't get this with nobody else
So I figured I'm a give it to ya
I know you're just sittin on the shelf
But you've always been the best and he treat you like the rest, girl

[Pre-Chorus:]

It's okay, it's alright
'Cause I've been waitin right here the whole time
Girl but tonight I'm taking what's mine
So you won't be going back and forth after tonight

[Chorus:]

Started off listening to problems girl
Now we here
Started off wishin you was his ex-girl
Now we here
Hate to say I told you so
But now we here
And everything he shoulda did, baby I'm a just do myself

Now that we're here
Girl now we're here
I've been waitin so long you done finally put me on
Now we're here yea

[Bridge:]

Girl you should know
That tonight will be so unforgettable
Girl, I know you'll do that
And your expectations I'll fulfill them all

[Chorus:]

Started off listening to problems girl
Now we here
Started off wishin you was his ex-girl
Now we here
Hate to say I told you so
But now we here
And everything he shoulda did, baby I'm a just do myself
Now that you're here

Now that you're in my room
With nowhere to go 'til the morning
Might as well turn off those lights
And come a little closer
Cause I got a few things
That I wanna show you
