

Nude

Eric Bellinger

[Verse 1]

Make sure your hair is
Up in a bun, up in a bun, up in a bun
Cause we don't need no interruptions
When we make love, when we make love, when we make love
Baby your nails
Gotta be done, gotta be done

[Bridge]

That's bout all you gonna need tonight
Less is more, so much more
You know what the dress code is, dress code is, yeah, yeah
You know what the dress code is, dress code is

[Hook]

You gotta be nude
Baby you gotta be nude
I wanna see your skin, when you walk in
Baby come through, all the way nude, yeah

[Verse 2]

You can wear your
Favorite perfume, favorite perfume, favorite perfume
And I don't mind a little make up
Baby that's cool, baby that's cool, baby that's cool
You ain't gotta worry bout me
I'ma wear you, I'ma wear you

[Bridge]

[Hook]

(Walk through that door with nothing on)
(So that you can put me on)

[Verse 3]

I'ma place these gentle kisses all on you (you)
I might let you keep on those designer shoes (shoes)
Promise you'll be safe with me
Give me all your energy
You're sexy in them Vickies
No offence but if you ask me
You look better when you're nude

[Hook]
