

I'll Be There

Eric Benét

When I'm far away
Could I ever be untrue?
Naw baby

Could I fade away
Find somebody new?
Naw baby

Though this road gets long and weary
I'm always coming home to you

I'll be there for you
Oh baby I'll be waiting around for you
I'll be there for you oh baby I
I'll be there for you

Could a summer breeze
Compare when you're in view?
Naw baby

Could anything or anybody
Thrill me like you do
Naw baby

So you'll never have to wonder
I commit my love to you

I'll be there for you
Oh baby I'll be waiting around for you
I'll be there for you oh baby I
I'll be there for you

Listen to me, though this road gets long and weary
Girl it always leads to you

I'll be there for you
Oh baby I'll be waiting around for you
I'll be there for you oh baby I
I'll be there for you
