

# I'll Be There

Eric Benét

When I'm far away  
Could I ever be untrue?  
Naw baby

Could I fade away  
Find somebody new?  
Naw baby

Though this road gets long and weary  
I'm always coming home to you

I'll be there for you  
Oh baby I'll be waiting around for you  
I'll be there for you oh baby I  
I'll be there for you

Could a summer breeze  
Compare when you're in view?  
Naw baby

Could anything or anybody  
Thrill me like you do  
Naw baby

So you'll never have to wonder  
I commit my love to you

I'll be there for you  
Oh baby I'll be waiting around for you  
I'll be there for you oh baby I  
I'll be there for you

Listen to me, though this road gets long and weary  
Girl it always leads to you

I'll be there for you  
Oh baby I'll be waiting around for you  
I'll be there for you oh baby I  
I'll be there for you
