

News For You

Eric Benét

Uh, uh, uh
Uh, uh, uh
You tell me love ain't been goin your way
Cause you've been searching, but good ones are hard to find
Said you won't settle for less than what your heart is asking
And life's too precious just to be wasting time.
Disappointment is something that is so familiar
You get your hopes up high, to watch them fall again
So you stopped trying to find your one in a million
And the language of your love, can't nobody comprehend.

I got news for you
Cause you don't know how I do
I got ways to make you smile
They never knew about
In the corners of your mind
That no one has tried to find
Your time for love is threw
I got news for you!
Uh, I got news for you, yeah baby!

Your body's glistening all with satisfaction
I've shown you pleasures, girl
You thought you never feel
Girl you were flying like the world was far below us
You said there's no way that I could take you higher still

I got news for you
I still got work to do
And you're thinking that I'm done
That's just when love just begun
In the corners of your mind
That no one has tried to find
Your time for love is threw
I got news for you!
Uh, I got news for you, yeah baby!

Don't you worry about me leaving, no, no, girl!
Ain't trying to be deceiving, no, no!
You said I feel good to be true
Baby I got news for you

I got news for you
Cause you don't know how I do
I got ways to make you smile
They never knew about
In the corners of your mind
That no one has tried to find
Your time for love is threw
I got news for you!
Uh, I got news for you, yeah baby!
