I Was Born to Love You

Eric Carmen

I never really understood love
No, not until I saw your face
Then I knew what I'd been missing
For all my life

I never let myself believe it
No, not till I looked into your eyes
Then I knew I found all I need
The moment that I found you

I was born to love you
Born to be right here by your side
Through all your darkest nights
I was born to love you
I'd do anything to make you mine
Until the end of time

There's no need to ever doubt it
You set my love free when you walked in the door
You changed everything
You're all that I'm living for

I was born to love you
Born to be right here by your side
Through all your darkest nights
I was born to love you
I'd do anything to make you mine
Until the end of time

You changed everything
You're all that I'm living for

I was born to love you
Born to be right here by your side
Through all your darkest nights
I was born to love you
I'd do anything to make you mine
Until the end of time

I was born to love you
Born to be right here by your side
Through all your darkest nights
I was born to love you
I'd do anything to make you mine
Until the end of time

I was born to love you
