

# My Heart Stops

Eric Carmen

I tell myself  
This can't be love  
That I'm feelin'  
But if I think that my world  
Will be the way that it was  
I'm dreamin'

Why do I feel so high  
At the mention of your name  
Why do I act so shy  
Can't explain, can't explain, can't explain  
But darlin'

Wo-wo-wo when you go walkin' by  
My heart stops  
My heart stops  
I can't explain it  
Wo-wo-wo when you look in my eye  
My heart stops  
My heart stops  
Every time you're near

Just thinkin' about you  
Darlin' it just does  
Something to me  
And when we meet on the street  
I feel the flame of love  
Burnin' through me

I try to play it cool  
And never show a sign  
But I give myself away  
Every time, every time, every time  
'cause darlin'

Wo-wo-wo when you go walkin' by  
My heart stops  
My heart stops  
I can't explain it  
Wo-wo-wo when you look in my eye  
My heart stops  
My heart stops  
Every time you're near

My heart stops, my heart stops  
My heart stops, my heart stops

Oh, whenever you're close to me  
There's a wave of love rushin' over me  
And I never felt this way  
Can't explain, can't explain, can't explain  
But darlin'  
My darlin'

Wo-wo-wo when you go walkin' by  
My heart stops  
My heart stops

I can't explain it  
Wo-wo-wo when you look in my eye  
My heart stops  
My heart stops  
Every time you're near
