

# Someday

Eric Carmen

Someday  
When I'm cool  
She's gonna think about how  
She used to treat me so cruel  
On that someday  
Man, she'll crawl back to me

Someday  
When I'm gone  
She's gonna see how it feels to be  
All alone  
On that someday  
Man, she'll crawl back to me

So she said goodbye again  
I'm just waitin' for the time to come  
When she'll get down on her knees  
Beggin', now darlin', please

I've been tryin' every trick I know  
But she still walks in  
Makes me feel so grim  
Seein' her is gettin' harder every day

Someday  
When I'm cool  
She's gonna think about how  
She used to treat me so cruel  
On that someday  
Man, she'll crawl back to me

Man, she'll crawl back to me  
Man, she'll crawl back to me  
Someday  
Man, she'll crawl back to me
