

# You Took Me All the Way

Eric Carmen

(Come on)  
When we made love tonight  
I swear it felt just like the first time

You took me all the way  
I heard you say  
You know we can't be wrong  
So take me all the way  
I need you now  
I've wanted you so long  
In all of my life, there's no one else  
You're still the one

And when you touch me now  
The world stands still just like the night when

You took me all the way  
I heard you say  
You know we can't be wrong  
So take me all the way  
I need you now  
I've wanted you so long  
In all of my life, there's no one else  
You're still the one

I recall when I looked into your eyes  
Ooh, I knew it was meant to be  
Then you pulled your body close to mine  
Ooh, I shivered when you whispered  
"Please"  
(Come on)  
"Please"  
(Come On)  
"I need to know what it's really like, come on"  
(Come on)  
"Come on"  
(Come on)  
I'll show you what it's really like  
I'll show you what it's like  
I'm gonna show you my love

You took me all the way  
I heard you say  
You know we can't be wrong  
So take me all the way  
I need you now  
I've wanted you so long  
In all of my life, there's no one else  
You're still the one

You took me all the way  
I heard you say  
You know we can't be wrong  
So take me all the way  
I need you now  
I've wanted you so long  
You took me all the way

I heard you say  
You know we can't be wrong  
So take me all the way  
I need you now  
I've wanted you so long
