

Lotta Boot Left to Fill

Eric Church

Get-ups, gimmicks
One hit wonders that don't stick
Pretty boys acting tough
Boy bands give it up

And if it looks good on TV
It'll look good on a CD
Shape it up, trim it down
Who gives a damn 'bout how it sounds

I don't think Waylon done it that way
And if he was here he'd say Hoss, neither did Hank
I ain't dogging what you're doing
But boys come on let's get real
You still got a lotta boot left to fill

You say you're the real deal
But you play what nobody feels
You sing about Johnny Cash
The man in black would've whipped your ass

I don't think Waylon done it that way
And if he was here he'd say Hoss, neither did Hank
I ain't dogging what you're doing
But boys come on let's get real
You still got a lotta boot left to fill

So so long 'til I see you again
When you're laying in the bargain bin

Well I don't think Waylon done it that way
And if he was here he'd say Hoss, neither did Hank
I ain't dogging what you're doing
But then again, hell yes I am
I just don't give a damn
'Cause you still got a lotta boot left to fill
