

## Lotta Boot Left to Fill

Eric Church

Get-ups, gimmicks  
One hit wonders that don't stick  
Pretty boys acting tough  
Boy bands give it up

And if it looks good on TV  
It'll look good on a CD  
Shape it up, trim it down  
Who gives a damn 'bout how it sounds

I don't think Waylon done it that way  
And if he was here he'd say Hoss, neither did Hank  
I ain't dogging what you're doing  
But boys come on let's get real  
You still got a lotta boot left to fill

You say you're the real deal  
But you play what nobody feels  
You sing about Johnny Cash  
The man in black would've whipped your ass

I don't think Waylon done it that way  
And if he was here he'd say Hoss, neither did Hank  
I ain't dogging what you're doing  
But boys come on let's get real  
You still got a lotta boot left to fill

So so long 'til I see you again  
When you're laying in the bargain bin

Well I don't think Waylon done it that way  
And if he was here he'd say Hoss, neither did Hank  
I ain't dogging what you're doing  
But then again, hell yes I am  
I just don't give a damn  
'Cause you still got a lotta boot left to fill
