## Love Your Love the Most

I love sleeping in on Saturdays And I love college football games I love not acting my age And good barbeque

Yeah I'm a fan of all the books And anything my mama cooks Smallmouth bass have got me hooked On Sunday afternoon

Yes I love good cold beer And mustard on my fries I love a good loud honky tonk That rocks on Friday night

And hell yes I love my truck But I want you to know Honey I love your love the most

Man I love how Redman tastes And damn I love my Nascar race Any song sung by George Strait Is country at it's best

Yes I love good cold beer And mustard on my fries I love a good loud honky tonk That rocks on Friday nights

And hell yes I love my truck But I want you to know Honey I love your love the most I love

Yeah I love scuffed up cowboy boots And broken tore up jeans A four wheel drive, eight point bucks And rocky road ice cream

And hell yes I love my dog And Jack D in my coke But honey I love your love Yeah I love your love I love your love the most

I love your love the most
