

# Lovin' Me Anyway

Eric Church

Oh whoa whoa, Oh whoa whoa, whoa whoa whoa  
No one would blame ya tomorrow  
If you packed your things and hit that open road  
Ended up in the bahamas with an address that  
Only your mama would know  
Yeah I could lie and say this time im gonna change  
But we both know better  
I'm like a ship out on the ocean  
Cussin' the waves but loving the motion  
Chasin a star that don't always shine  
Gettin' far out and falling behind  
I know loving me's never been easy  
I'm like a wild card that's hard to play  
But I won't thank you for loving me anyway  
Oh whoa whoa, Oh whoa whoa, Oh whoa whoa whoa  
They dressed you up like an angel  
And they painted you a halo and some wings  
That gold carat they dangled  
Was supposed to keep your eyes off guys like me  
They told you I'm no good  
And that you always could do so much better  
I'm like a ship out on the ocean  
Cussin' the waves but loving the motion  
Chasin a star that don't always shine  
Gettin far out and falling behind  
I know loving me's never been easy  
I'm like a wild card that's hard to play  
But I won't thank you for loving me anyway  
Yeah through the ups and downs and sideways  
All the gotta have it my ways  
Yeah the crazy nights and dog days  
You kept on lovin me anyway  
Whoa oh  
Oh whoa whoa, Oh whoa whoa, Oh whoa whoa whoa  
Hey  
I'm like a ship out on the ocean  
Cussin' the waves but loving the motion  
I'm like a ship out on the ocean  
Cussin' the waves but loving the motion  
Gettin far out I'm fallin behind  
Yeah loving loving loving me anyways  
Oh whoa whoa, Oh whoa whoa, Oh whoa whoa whoa  
You're loving me anyways yeah  
Yeah I'm like a ship out on the ocean  
Loving the waves but cussin' the motion
