Everyday

Eric Martin

Ah it's another day And everything feels the same ... But I know everything changes Yeah I look around And I see your face turned down Well I think to myself What could be missing? Everybody thinks that everybody knows, But they won't know till you tell them so Everyday I'm gonna say I love you 'Cause that's what it's all about yeah Everyday I'm gonna say I love you yes I do Ooh ooh ooh

I've always loved the way that you smile at me Let your love light shine on You never really know what you've got till it fades away Now I've got something to say to you Everybody thinks that everybody knows, But they won't know till you tell them so Everyday I'm gonna say I love you 'Cause that's what it's all about yeah Everyday I'm gonna say I love you yes I do Ooh ooh ooh Every day I love you
