She don't love you, she's just lonely She wasn't once upon a time She used to dance when the band played She used to be the trustin' kind

She's no stranger to the leaving She's heard all the best goodbyes Fallin' has a different meaning To her you're just another guy

She don't love you, she's just lonely She don't know another way To break free from what's been broken Too many cowboys rode away So forgive her if she's distant She can't tell her heart to lie, no You'll never be her one and only She don't love you, she's just lonely

You can hold her in the moonlight You can give her all the stars You can promise her forever But you'll never have her heart

She don't love you, she's just lonely She don't know another way To break free from what's been broken Too many cowboys rode away So forgive her if she's distant She can't tell her heart to lie, no You'll never be her one and only She don't love you, she's just lonely

She don't love you
She don't love you, she's just lonely
She wasn't once upon a time
I remember her in the sunlight
I remember her when she was mine
Mine
