

# It's Like That With You

Eric Saade

When I look in your eyes  
There's something I just can't describe  
To get to a moment like this  
Some people wait all of their life  
I always thought in the end  
To love just meant to get hurt  
But sometimes you've just gotta feel  
And that's how you know it's real

'Cause there are times I just look at the cover  
And there are times when I wanna read what's inside  
And then there are times when it feels like I wrote every line  
It's like that with you

I used to say it won't last  
As soon as the promise was made  
And here I am, moving too fast  
But I ain't no longer afraid  
'Cause somehow you just made me feel  
And that's why I know it's real

'Cause there are times when I can't find the answers  
And there are times when I wonder what life's about  
And times when I feel like I finally figured it out

It's like that with you  
Baby you know that it's true  
Do you feel it too  
The beat of my pounding heart  
I bet it's shining through  
When I'm with you

'Cause there are times I just look at the cover  
And there are times when I wanna read what's inside  
And then there are times when it feels like I wrote every line  
'Cause there are times when I can't find the answers  
And there are times when I wonder what life's about  
And times when I feel like I finally figured it out  
It's like that with you  
It's like that with you

But sometimes the way that I feel can't be put into words  
It's like that with you
