Why Do We Need Fashion

Eric Saade

Keep the glow Ignore the answers Steal the show Create disasters

I won't stop by your judging eyes You stare me down Get off my ground Imagine life when no need excists And no responsibilities

Why do I need fashion, oh oh
For your satisfaction, oh oh
In and out of fashion, oh oh
Why do we need fashion, oh oh
I bend the rules
Break the rules
Make the rules
I hate the rules
Why do we need fashion

You provoke trying to make a name I shouldn't care
You're all to blame
I won't back down
I will always stand
'Cause this is me
I am who I am

So I stand to show what really matters

Why do I need fashion, oh oh For your satisfaction, oh oh In and out of fashion, oh oh Why do we need fashion, oh oh I bend the rules Break the rules Make the rules I hate the rules Why do I need fashion, oh oh For your satisfaction, oh oh In and out of fashion, oh oh Why do we need fashion, oh oh I bend the rules Break the rules Make the rules I hate the rules Why do I need fashion, oh oh Why do we need fashion

Opinions based on words of sorrow Judging if I'm wrong or wrong My fingers pointed like a hand gun Suddenly I'm dead and gone

Keep the glow
Ignore the answers
Steal the show
Create disasters

Why do I need fashion, oh oh For your satisfaction, oh oh In and out of fashion, oh oh Why do we need fashion, oh oh I bend the rules
Break the rules
Make the rules
I hate the rules
Why do I need fashion
For your satisfaction, oh oh In and out of fashion, oh oh Why do we need fashion
