

# Vertigo

Erin McCarley

The cat is in a corner  
Of pur and pan  
Mom, I feel a calm condensation  
Cast from his eye

He's on to me  
Yeah, he's on to me  
Uh huh, uh huh

The static of the city  
A shot into the vein  
I know the night I was in the alley  
The need to know came

I got that rush in my head  
I got a boy in the bed  
Uh huh, uh huh

Oh, oh vertigo  
It got me in  
And I don't want to let it go  
Yeah

La la la la la la la (hey)  
La la la la la la la  
La la la la la la la  
Ah ah ah ah ah

There's ruby castles in the air  
They're ticking like a bomb  
You chase a clinical condition  
I wanna get it off

Get my legs in the sea  
I wanna swim in the sea  
Uh huh, uh huh

There's one kind of lover  
That don't do a thing  
Don't even give him attention  
It will never change

They come out of the box  
In the new machine  
And the way you fly  
In a new dream  
The wisdom in your eyes is alright

Oh, oh vertigo  
It got me in  
And I don't want to let it go  
Yeah

I'm in vertigo  
Turnin'  
And I don't want to let it go

The storm is above the cloud  
The rainbow seems to know  
It's over now  
I hang beneath the bells  
And swing within the swears  
Oh oh, oh oh

Oh, oh vertigo  
It got me  
And I don't want to let it go  
Woah

I'm in vertigo  
Yeah  
And I'm turnin' out of control
