

# I'm Gonna Tie One On Tonight

Ernest Tubb

Things down at my house just ain't going right I'm gonna tie one on tonight  
I'm sick and tired of coming home and that gal ain't in sight  
I'm gonna tie one on tonight  
I wonder what she does all day I wonder where she goes  
When I get home she's always gone dressed in her best clothes  
I'm going out and live it up chase every girl in sight I'm gonna tie one on tonight  
My baby she's out on the town and I think just for spite  
And I'm gonna tie one on tonight  
She thinks she's gonna worry me but I'll show her all right  
I'm gonna tie one on tonight  
I'm gonna dance with all the girls and have myself as free  
When I get home and find her there crying over me  
When I come in at three a.m. there'll prob'ly be a fight  
But I'm gonna tie one on tonight yes I'm gonna tie one on tonight
