

# I'm Living In Sunshine

**Ernest Tubb**

You bring me sunshine beautiful sunshine I'm living in sunshine  
when I'm with you  
Oh how I've missed you since you've been gone lonely nights and  
dark clouds all day long  
Standin' by my window watchin' it rain when I pop the rainbow a  
nd in you came  
You bring me sunshine beautiful sunshine I'm living in sunshine  
when I'm with you  
You bring me sunshine beautiful sunshine I'm living in sunshine  
when I'm with you  
I get so lonely while you are gone and while I'm waiting it see  
ms so long  
You take my sunshine away with you but when you come back my sk  
ies turn blue  
You bring me sunshine beautiful sunshine I'm living in sunshine  
when I'm with you  
I'm living in sunshine when I'm with you
