

## Jealous Loving Heart

Ernest Tubb

Don't ever kiss no one but me  
If you do, dear, you'll break my heart  
It's not because I doubt you  
But I'm such a fool about you  
I've got a jealous loving heart

Cause where there's love there's jealousy  
Good and bad just won't tear apart  
They always go together  
Like fair and stormy weather  
I've got a jealous loving heart

You're all I want you're all I love  
Please don't tear my soul apart  
Just say you love me too, dear  
And be careful what you do dear  
I've got a jealous loving heart  
Don't ever kiss no one but me...
