Rainbow At Midnight

Ernest Tubb

After the war was over
I was coming home to you
I saw a rainbow at midnight
Out on the ocean blue

The stars in heaven were shining
The moon gave its light from above
I saw your face in this rainbow
And it made me think of our love

We'll build a home in the country And make all our dreams come true There we will make a heaven Sweetheart, for just we two

Here we will live so happy
And have a baby or two
We'll name them after the rainbow
Because it reminds me of you

After this life is over And our journey here is through We'll move to the land of the rainbow And live in the starry blue
