

She's Lookin' Better By The Minute

Ernest Tubb

She's looking better by the minute well I don't know what's in it

That makes the drink turn a poor boy's head

She's not much to look at a little old and a little fat

But I'll hang around and have a beer or two

For I know if I'll drink enough she won't look quite so rough

It's amazing what a little beer can do

She's looking better by the minute well I don't know what's in it

That makes the drink turn a fellow's head

She's looking better by the minute I guess they must've been benched it

To go right to a poor boy's head

Now she don't looks so awful bad considerin' in all this beer I've had

As a matter of fact guess I could do worse

I could take the sixpacks home but I sure hate to drink alone

And it takes more than beer to clinch my thirst

She's looking better...

Now in the darkness of this bar she looks like a movie star

That goes to show how wrong the guy can be

I guess I'd better pick her up fore I start to sober up

We'll have a ball this movie star and me

She's looking better...

To go right to a poor boy's head
