## There's A Little Bit Of Everything In Texas

**Ernest Tubb** 

There's a little bit of everything in Texas Just look around and you will see There's a little bit of everything in Texas And a whole lot of Texas in me

There are forty seven states around there And each of them have treasures of their own And everything they boast of I sure found it But we've got them all right here at home

Now if you love old sunny California Or perhaps the hills of Tennessee No matter what you love just come to Texas And I'll bet my boots you will agree

There's a little bit of everything in Texas And really I'm not bragging you see
There's a little bit of everything in Texas And a whole lot of Texas in me

Now if you love old sunny California...
