

Caint Use My Phone

Erykah Badu

You can call her, but you can't use my phone
You can call her, but you can't use my phone
You can call her, but you can't use my phone

You better use telepathy cause you can't use my phone
Put a message in a bottle, but you can't use my phone
You better use Morse code cause you can't use my phone
Get a towel and some smoke cause you can't use my phone
You can call her, but you can't use my phone

You can call her, but you can't use my phone
You can call her, but you can't use my phone
You can call her, but you can't use my phone
Yeah yeah yeah

Better use telepathy cause you can't use my phone
Get a towel and some smoke cause you can't use my phone
Callin', callin', callin', callin', callin', callin'
Badu, Badu, Badu, Badu, Badu, Badu, Badu, Badu
