

U Don't Have to Call

Erykah Badu

You don't have to call
It's okay squirrel
Cause I will be alright tonight
You don't have to call
It's okay squirrel
Cause I will be alright tonight

Ooh boy, what planet do you call from, boy?
Is it Neptunes or Jupiter, boy?
Calling to my loving boy
You know that you deserve it, boy
What planet do you call from, boy?
I know that we just met, oh boy
Calling to my loving boy

You don't have to call
It's okay squirrel
Cause I will be alright tonight
You don't have to call
It's okay squirrel
Cause I will be alright tonight
You don't have to call
It's okay squirrel
Cause I will be alright tonight
You don't have to call
It's okay squirrel
Cause I will be alright tonight
