

# Forget About Me

## Escape the Fate

I'm done with everone  
I'm sick of everything  
I'm livein on the break of deth  
On a web of lies and diesse  
Iv lost all sense of my reality  
Everone is just a cridict a saint  
So judge me if you want but you wont destroy me

This time lets get it started

Dyeing on my knees  
Call me pathtic but I got good company  
I'm not alone  
Nothing to belive  
I'm just a loser don't you try and save me now  
Kiss it all goodbye and forget abouty me

I'm over listing  
I don't need anything  
I'm a classic train wreck. Walking  
I'm death too there words there talking  
I'm locked in this prison of socity

This worlds full of liars and cheats  
Call me what you wont but you wont destroy me

This time lets get it started

Dyeing on my knees  
Call me pathtic but I got good company  
I'm not alone  
Nothing to belive  
I'm just a loser don't you try and save me now  
Kiss it all goodbye and forget abouty me

I said forget me!  
Forget about me!  
Oh!

Dyeing on my knees  
Call me pathtic but I got good company  
I'm not alone  
Nothing to belive  
I'm just a loser don't you try and save me now  
Kiss it all goodbye and forget abouty me!

Kiss it all goodbye and forget about me
