

# Hate Me

## Escape the Fate

Can I let my smile disarm you?  
Can I sing my words into your skin?  
I wanna watch, so don't resist

Why you speaking cause you're so dishonest  
You should be bleeding there's a world around us  
I must insist that I can't play this game

(So just Hate me)  
Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

Do you see my conscious missing?  
When you hold the candle to my face  
You dirty hands you cannot fake  
You say you know me do you even know you?  
All of your comfort leaves you battered and bruised  
I'll be the one, be the one to blame

(So just Hate Me)  
Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

Hate me  
Hate me  
I see the tables turning!

Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

Hate me cause i live this way  
Hate me for the things i say  
Inside my rage is burning  
I see the tables turning

(Hate me cause i live this way)

(Hate me for the things i say)  
(Inside my rage is burning)  
(I see the tables turning)

Hate me  
Hate me  
I see the tables turning
