

Just a Memory

Escape the Fate

How did I let you slip through the cracks
How did I let you stab me in the back
You are my brother
You are my friend
I am out for salvation for you in the end
Unpredictable
Trusting you was a fucking mistake
Unforgiveable
You must lay in the bed that you make
Nothing can save you now

Now you're just a memory,
In my past is where you'll stay
And my trust you ran away,
You better keep your distance from me

There's no forgiveness for what you've done
I'm coming for you and I'm out for blood
You are a liar, you are a thief
Stand in the pressure of your company
Unpredictable
Trusting you was a fucking mistake
Unforgivable
You must lay in the bed that you make
Nothing can save you now

Now you're just a memory,
In my past is where you'll stay
And my trust you ran away,
You better keep your distance from me

Now you're just a memory,
In my past is where you'll stay
Now I'm better off this way
You better keep your distance from me

Someone like you is gonna die alone
You're gonna die alone
You're gonna die alone
Someone like you is gonna die alone
You're gonna die alone
You're gonna die alone

You're gonna die
You're gonna die
You're gonna die alone

Now you're just a memory,
In my past is where you'll stay
And my trust you ran away,
You better keep your distance from me

Now you're just a memory,
In my past is where you'll stay
Now I'm better off this way
You better keep your distance from me
