

# Music Is Dead

## Escape With Romeo

What's music worth  
you've seen and heard it  
before  
when thousands of records  
are such a bore

Music is dead  
music is dead  
take something  
else instead  
Music is dead

From hardcore to  
rap  
from rock to jazz  
they tell you  
what the  
next big thing is

Music is dead  
music is dead

take something else instead  
Music is dead

Destroy your cd's  
your discman's shit  
open your ears  
to the final hit

Music  
is dead  
music is dead  
take something else instead

Music is dead
