Gotta get that feddy cuz I need it, that's why I stay heated  
Jesus save me, throw me down a bundle  
Wrapped up like a football, bet I won't fumble  
Stumble, I'm lying in the jungle, serving my "Bo-Jumbles"  
A killer where my gun blows, but I stay humble  
Watch 'em all crumble, "Baller" like "Motumbo"  
Riding with a bumble, beats causing rumble  
Hoes try to beat a nigga like a bongo  
Mixerman cook 'em in a pot like gumbo  
Specially when your pesos coming so pronto

English broken, all this papers got me open  
Get more papers all I'm hoping  
No need to say a word to papers, spoken  
Freezer frozen when I'm posing  
Passion, cameras, flashing lights and action main attraction  
Paper make everything better best believe it, and I love to receive it  
Billionaire baller status, the chief is still breathing
