

# Pay

Esham

Growing up, living in a panic zone  
Spitting wicket shit on the microphone  
Smoke that shit, your brains be blown  
You gone, nigga wrong  
Only out for the scrilla, thats my fetty, boss  
One-eight-seven ain't nothing but spaghetti sauce  
Cross me you pay all costs  
Heres one your ass just lost  
All y'all must pay  
Every dog has his day  
Thats the reason they made the AK  
Who just made the 10 o clock news?  
Blew that boy up out his shoes  
Old rules, left no clues  
Body found floating in a bloody pool  
Mass hysteria in America  
Game lock down like a pitbull terrior  
Bitch been a millionaire, I still wont marry ya  
Slugs to you head, six people Paul-bury ya  
Colgate froze flows like cocaine  
Mental overdose explode your brain  
Some might think that it's insane  
To take a gun cock back and aim

You know you can't play me, baby, gotta pay me (You got that for me)  
You know you can't play me, baby, gotta pay me (You know you owe me)  
You know you can't play me, baby, gotta pay me (Pay me)  
You know you can't play me, baby, gotta pay me (You know you owe me, baby)

See the number one mission be to get this cash  
And if a nigga fuck with that, I'm a get in his ass  
I pull the trigger, squeeze, blast if you think you gon last  
Seventeen to the spleen, you a thing of the past  
When I really wanna smash I hit the stash spot  
Put the nine to your mind and clean your cash out  
See a nigga had to pay me if he ever owed me  
A thug about my business, I'll do ya homie  
Drink the O-E and tote the tech nine  
I don't care what you claim, you gonn respect mine  
Mean time, in between time, on the Esham  
Finda put it down when it come to the green now  
Look into my eyes, tell me can you really see?  
Its the truth when I rap cause I bring mine  
Bring it like I bring it cause nigga O-T  
Original Thugsta from the B-O-N-E  
C-Town to the D-Town  
Its a Midwest thang we let em hang to the grees-ound  
Smokin trees by the P's-ound  
Blowing big with my niggas, muthafuckas wanna be down  
But I'm a hit ya with the heat now  
Cause when I creep now, deep down, nigga wanna let it go  
But when it comes to the fetty, yo  
You see a rich muthafucka turn straight into a wetty hoe

All the way from the C-Town  
To the muthafucking D-Town  
We down to get it cracking robbin'em and rappin, jackin

Whutever make us happy  
And a nigga only happy if he got some cash  
But if I'm broke as fuck then I'm mad  
Ready to put a gun to some unlucky muthafuckas ass  
And I'm a take him for the stash, break him  
Leave the nigga there lookin sad  
But if he tryin jump bad, I'm a fade him  
The nigga gave me no ultimatum and I dont play that shit  
Unhand the money,nigga  
Pay me, I dont got all day  
I got a couple muthafuckas to break  
I want skrilla, for rilla  
Killa, doller bill-a  
This trigger is not ya friend and it gots no heart  
So dont be thinking I wont stop yours  
Give me everything ya got boy  
You are now caught in the midst of original  
Wigsplitter killer criminals  
Better Watch out boy you might die!

You know you can't play me, baby, gotta pay me (You got that for me)  
You know you can't play me, baby, gotta pay me (You know you owe me)  
You know you can't play me, baby, gotta pay me (Pay me)  
You know you can't play me, baby, gotta pay me (You know you owe me, baby)

Nigga, call the nigga "Sho Love"  
Cause I gotta get mine  
Even if I must bust  
Said again I been good  
But I'm still in the streets with heat  
Cause a nigga gotta eat  
Its a Bone thing what?  
Cause I love some money  
Funky, filthy, dirty money  
And I... really hope ya dont owe me  
Cause I.. really love my money  
Ya die  
I dont give a fuck 'f it's made in the hood  
I dont give a fuck man, they say its all good just  
Give me my cheese or else.. somebody gon bleed  
Can you feel that?  
Nigga get back what you dont believe  
Ain't no tellin whut the Bone Thugs niggas got 'n sleeves  
Dressed like a picture  
Flash and I get you  
No cameras here  
Just nine millimeters  
I'm not gonna loose  
Real thug, really though  
Paid my dues  
But niggas wanna test  
Aint no tellin who  
Thats why I dont give a fuck about bloody pools  
Leave em in that, fuck that  
Bust back, real thugs stay strapped  
You dream about it, but I really live that  
Yes I love that honey but, oh  
I love that money, that money so much moe!

You know you can't play me, baby, gotta pay me (You got that for me)  
You know you can't play me, baby, gotta pay me (You know you owe me)  
You know you can't play me, baby, gotta pay me (Pay me)  
You know you can't play me, baby, gotta pay me (You know you owe me, baby)
