

# What Did I Do Wrong

Esham

What did I do wrong  
Don't wanna live

My momma was a dope fiend but what I mean  
She was mannic depressed, like the Supremes  
And all my tears wiped with a cleanex  
I'm on the scene and I drop dead like River Phoenix  
A life I can't handle, so I drink Jack Daniels  
Straight, I bought me a 38 with one shiny silver bullet  
For the werewolf in me I don't pretend to be  
I'm fucked up off life  
I walk around with a bloody butcher knife  
I wanna kill myself, but first  
I think about what's worse  
I vision my body take a ride in a hearse  
And somebody, anybody, but nobody hears  
Buried alived, pine box, and my deepest fears  
I been doin' dope since I was 13  
But when I close my eyes unconsciously I scream

What did I do wrong  
Don't wanna live

Overdose scare again, I'm doin' heroin  
So been suckin' my leg like Nancy Kerragan  
Heroin addict like Kurt Cobain  
Needle's in your dick, 'cause your arms outta veins  
The system raped me, society hates me  
The man in the mirror is scared to face me  
My only friend is me, but how can I pretend to be  
My friend, I'm public enemy  
A number one, son of a shotgun  
So when I blasphamy, I bust a brain cell  
Dead cells make me faint  
But I can't faint no more I don't dream and never sleep walk  
Uncut dope make me comotose  
Growin' up with the scandalous from here to Los Angeles  
What does it mean, infetamine, niggaz so envy they green  
As I watch the fiends fiend, my mind screams

What did I do wrong  
Don't wanna live

Your body's cold you feel numb from your addiction  
Just say no's a contradiction  
It seems like the whole world's high  
And I'm tryin' not to fry, brain cells passin' time until I die  
Suicide contemplated everything's drug related  
I wish when my father got erect he woulda masturbated  
Sperm concentrated now they sell it at the bank  
What has life come to? Tell me whatta you think?  
Crack babies be born like everyday  
I sucker born every minute right around my way  
What a rush when you're brain bust  
All your shit got flushed down the toilet stew  
What a fool  
Who gives a fuck if you self-destruct

All you hoes and dreams 'cause you just a fiend  
And this world ain't big enough for the both of us  
Who can I trust with one slug down the bust?  
And say

What did I do wrong  
Don't wanna live
