

Never Let You Know

Eskimo Callboy

Sometimes I wish I could turn back the time
To the day when I gave my heart away
To the day when you took it and ran away from me
If I could change I would change everything
But I hope one day you'll understand
I always gave my best till the bitter end

Tell me where your heart is? What does it feel?
Live the fading dreams and keep 'em real
Can you hear me, can you feel me?
Please believe me I'm sorry!

But I've never let you know that it changed myself
But I never meant to hurt you but I need no one else

Sometimes I wish I could say I feel at home
Without missing a thing inside my head
Without missing the feeling to sleep in my own bed
The suspense that kills us controls everything
Even I try to change, even I share the fate in your eyes
Every promise was just a mistake

Tell me where your heart is? What does it feel?
Live the fading dreams and keep 'em real
Can you hear me, can you feel me?
Please believe me I'm sorry!

But I would do it again and again
Oh, please believe me I'm sorry
Oh, please believe me I'm sorry
Please believe me I'm sorry
Please believe me I'm sorry
Please believe me I'm sorry
But I can't change it anymore
But I can't change it anymore
But I would do it again

Tell me where your heart is? What does it feel?
Live the fading dreams and keep 'em real
Can you hear me, can you feel me?
Please believe me I'm sorry!

Please believe me I'm sorry
But I would do it again
