

# Party At The Horror House

Eskimo Callboy

Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.  
Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.

Hey girls, it's Steve, nice to meet you.  
It's my first party and I hope to please you.

Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.  
Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.

I like horses, magic cards and O.C. California.  
Show me your genitals - your genitalia.  
Let's rock this party tonight.

Baby, you can touch me, kiss me, kill me, fuck me  
Cause tonight I'm gonna be somebody else.  
You better touch me but never ever stop me  
Cause tonight I'm gonna keep it all for me.

Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.  
Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.

Billie Jean is not my lover.  
He's just a bum in front of my house's door.  
Let's have a drink at daddy's bar.  
Champagne in the whirlpool like a motherfucking rockstar.  
Please don't tell my parents that we party tonight.  
Usually I go to bed before pm 9:45.  
Let's rock, let's rock this party tonight.

Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.  
Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.

What the fuck?!

Party at the horror house. Party at the horror house.

Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.  
Party, party, party at the horror house.  
Sex, drinks and drugs till the lights went out.

Party party at the horror house
