

Echo

Eskimo Joe

I shut my eyes and the world is bare
The they open up and I'm born again
Like an empty space in an empty bed

Oh, there's a sound that keeps repeating
Goin' faster as I leave
It goes, oh-woah-o-oh
Oh-woah-o-oh

I can hear an echo when I'm with you
And I can't seem to let go
Baby I hear an echo when I'm with you
Oh-woah-oh

Well I see your face in the shadow moon
Where the echoes dance with the ghosts of you
Like an empty space in an empty room

Oh, there's a sound that keeps on beating
Goin' faster as I leave
It goes, oh-woah-o-oh
Oh-woah-o-oh

I can hear an echo when I'm with you
And I can't seem to let go
Baby I hear an echo when I'm with you
I can hear an echo when I'm with you
And I can't seem to let go
Baby I hear an echo when I'm with you
Oh-woah-oh
Oh-woah-o-oh
Oh-woah-o-oh

A hundred thousand times it keeps repeating
Can you hear it?

I can hear an echo
I can't seem to let go
Maybe I hear an echo?

Oh-woah-o-oh
I can hear an echo when I'm with you
And I can't seem to let go
Baby I hear an echo when I'm with you
When I'm with you
Maybe I can't let go of that feeling?
Oh-woah-o-oh
