

Last Beacon Light

Eskimo Joe

Light the match and carry on
These are things that we've always done
I can feel the darkness in your soul
I'll leave a little light so you can find your way back home

Take the love that slowly dies
I sometimes see it in your eyes
With a haunted stare and a crooked smile
Take a little time 'til you can find your way back home

The last beacon light
Don't let it go out
Out on me tonight
The last beacon light
Don't let it go out
Out on me tonight

Fight the fire of strange desire
It only ever finds you in the darkest hour
I could be the one who will switch you on
Leave a little light so you can find your way back home

Everybody wants for this at night
So why does it always have to be so bright?
The cruelest trick is when you lose your sight
Take a little time so you can find your way back home

The last beacon light
Don't let it go out
Out on me tonight
The last beacon light
Don't let it go out
Out on me tonight
[x2]

Out on me tonight
Out on me tonight
Out on me tonight...
