

Speeding Car

Eskimo Joe

I'm a speeding car
And I can't slow down
But you're standing in the way
And I just can't find the brakes

I'm a speeding car
And I can't slow down
Did you stop when you hit the ground?
Did you break the speed of sound?

Well, hey, you're gonna have to wait
Till they say it's over, till it's all too late
And they never hesistate
Just know that I, I never went too far
And I'm a speeding car

Looking out of the window
And you're caught in the headlights
You taste just like shattered glass
Coming down from the overpass

Well, I'm a speeding car
Have I lost control? Oh no
Am I just what you're looking for?
Coming in through the open door

Well, hey, you're gonna have to wait
Till they say it's over, till it's all too late
And they, will never hesistate
Just know that I, I never went too far
And I'm a speeding car

Hey, you're gonna have to wait
Till they say it's over, till it's all too late
And they, will never hesistate
Just know that I, I never went too far
I, I never went too far
I'm a speeding car
