

When We Were Kids

Eskimo Joe

When we were kids
We'd never look down
We'd run off the edge
We'd never do it now

Do you remember?
Hey!

Broken sleep
Like that will make it better
Pull me deep
And do you remember?
Make that leap
Or maybe make it never
But I think I might make it soon

And maybe I was just too impatient
When I think about leaving school

When we were kids
We'd never look down
We'd run off the edge
We'd never do it now
When we were kids
We'd never look down
We'd run off the edge
We'd never do it now

Do you remember?

Breaking up
Like that will make it better
Fill my cup
And do you remember?
Walk the streets
And try to stay together
Is really feeling like something good

And maybe I was just too impatient
When I think about leaving you

When we were kids
We'd never look down
We'd run off the edge
We'd never do it now
When we were kids
We'd never look down
We'd run off the edge
We'd never do it now

Do you remember?
Hey!
Yeah, do you remember?

We'd run away, away, away
To the river but the river ran to the sea
We'd run away, away, away

To the river but the river ran,
The river ran to the sea

When we were kids
We'd never look down
We'd run off the edge
We'd never do it now
When we were kids
We'd never look down
We'd run off the edge

We'd run away, away, away
To the river but the river ran to the sea
We'd run away, away, away
To the river but the river ran,
The river ran to the sea

When we were kids
Do you remember?
