

Bleed (til We're Blue)

Esoterica

Touch me hug me help me I'm just a mess,
push me pull me twist me the right way around I'm lost.

I'm not naturally just addicted to you
I find I'm willing to be an extension of you
You become me
I will be you,
dress to impress behind closed doors we'll bleed 'til we're blue

Bless me undress me paint me I promise I'll lay still
it itches tickles me but its such a thrill,
kiss me kiss me hold me down on the ground,
bloody mouth bloody mouth its stings like a bitch.

I'm not naturally just addicted to you
I find I'm willing to be an extension of you
You become me
I will be you,
dress to impress behind closed doors we'll bleed 'til we're blue

Follow me politics its all just a game,
pervert pervert pervert were all just the same.

addicted to you
you, you,
dress to impress behind closed doors we'll bleed 'til we're blue
