

## Back 4 U

Espen Lind

I'll be back for you my dear,  
I'll be going it while juzt stay right here,

Bye Bye my love,  
Gotta get back on my grind,  
Gotta go but I wrote you this note to stop you crying,  
Even if it goes in one ear and out another,  
Itz just another risk you always told me to cross your mind,  
To put it simple and plain I gotta get on this plane your gunna make me end  
up stayin,  
It hurts that I gotta leave you behind,  
But atleast I get to see your behind,

Starts to Get Fame,  
And goes on changes  
Ill be here waiting if your the same

I aint gunna change,  
Coz I get a little change,  
And get a little chain,  
And I get a little reign,  
The only thing thatz not gunna be different is today,  
& the stars & the accomadation that were stayin

I'll be back for you my dear, (Back For You)  
I'll be going it a while just stay right here,  
If I come back for you and your gone (Back For You)  
Den it wasn't meant to be,  
This is your song,

Bye Bye my dear,
