

I Can't Help It

Esperanza Spalding

Ooh ooh yeah
Ooh ooh yeah
I can't help myself!

Was looking in my mirror
Took me by surprise
I can't help but see you
Running often through my mind

Helpless as a baby
Sensual disguise
I can't help but love you
It's getting better all the time!

But I can't help it if I wanted to
I wouldn't help it, even if I could
I can't help it if I wanted to
I wouldn't help it, no.
But I can't help it if I wanted to
I wouldn't help it, even if I could
I can't help it if I wanted to
I wouldn't help it, no.

Love makes me feel so, so...

Love to run my fingers
Softly while you sigh
Love came and possessed you
Bringing sparkles to your eyes.

Like a trip to heaven
Heaven is the prize
And I'm so glad I found you
You're an angel in disguise.

But I can't help it if I wanted to
I wouldn't help it, even if I could
I can't help it if I wanted to
I wouldn't help it, no
But I can't help it if I wanted to
I wouldn't help it, even if I could
I can't help it if I wanted to
I wouldn't help it, no.

I can't help it if I wanted to
I wouldn't help it, even if I could
I can't help it if I wanted to
I wouldn't help it, no
But I can't help it if I wanted to
I wouldn't help it, even if I could
I can't help it if I wanted to
I wouldn't help it, no.

I just can't help myself, hmmm
Ooh ooh
Can't help it!
