

# I Know You Know

Esperanza Spalding

The way  
You look at me  
When you think  
I'm not looking  
Tells me

Your heart's  
A sleeping giant  
Worn out  
By someone  
You loved before me

I see you're scared  
Unconvinced by  
What I've tried to say  
That I am yours  
And that nothing  
Will take me away

You already know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

I know that you know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

The way  
You always call me  
With some question  
And every time

Try to pretend  
You didn't call me  
Just 'cause  
I was on your mind

Too soon for you  
To say out loud  
But I know  
You love me  
And though  
We don't say it  
Already shows

You already know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

I know that you know,  
But I'll sing it again

I love you babe  
And nothing  
Will take me away

You already know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

You already know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

I'll wait for you  
To open up  
But, it's not a bore  
You're just  
What I've been  
Looking for

Why do you keep  
Your head in the sand?  
Whoever  
You loved before me  
That ran  
Nothing like me  
Nothing like me  
Nothing like me

You already know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

I know that you know  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

You already know,  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

I know that you know  
But I'll sing it again  
I love you babe  
And nothing  
Will take me away

The way you look at me  
When you think  
I'm not looking.  
The way you call me up  
Just to see  
What's cooking

The way you look at me  
When you think  
I'm not looking  
I look at you  
That way too  
You just don't know  
That I do

I know that you know  
You already know  
I know you know and  
I know it shows that  
I know you know

And you really love me baby  
I can see you love me  
I love  
I already know,  
But sing it again  
Sing in again
